

## Shoes

Follow the steps below to find your size

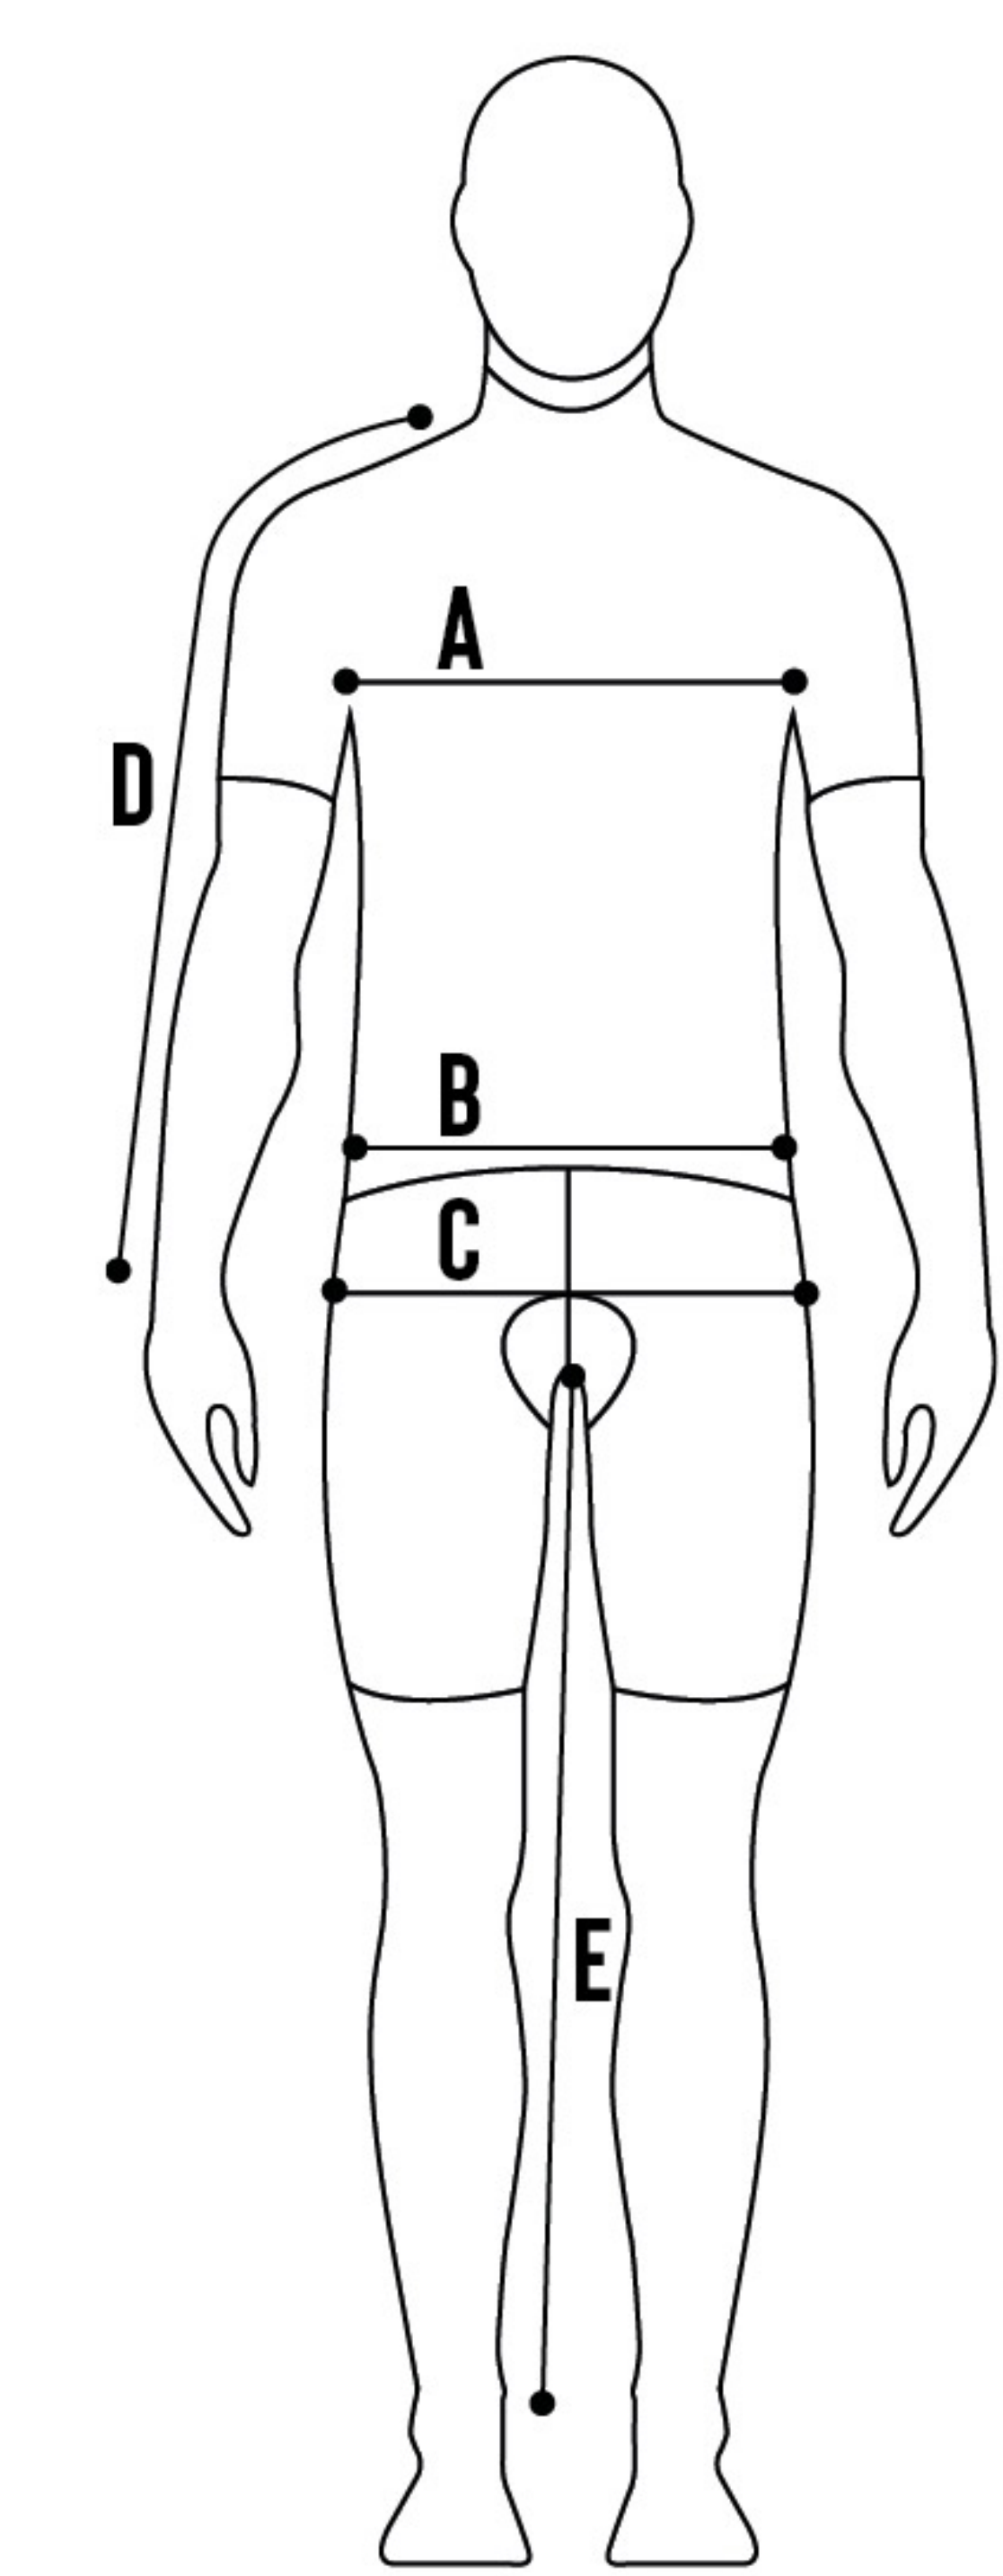

1. place a piece of paper on the floor, against the wall.
2. Step on the paper with your heel touching the wall behind
3. Mark the longest toe on the paper (make sure do not move the heel from the wall or ask someone to help you) so measure from the wall to the marking
4. Do the same operation above for both feet and keep the longest measure
5. Look at the size chart on the side to get the size.

**IMPORTANT:** We suggest choising one size higher of the result on point 5
